BACHELOR OF BUSINESS ADMINISTRATION (HONOURS) IN SUPPLY CHAIN MANAGEMENT (BBA-SCM)

供應鏈管理工商管理（榮譽）學士

Logistics and air transport industry has become the lifeblood of Hong Kong's economy, and is one of the major economic pillars of Hong Kong. The need for supply chain talents to support the development of the industry is surging. Benefited by the recently continuous boost of e-commerce and the enhancement of transportation infrastructure and advanced technologies, the industry is growing much more rapidly and dramatically than before. The industry growth has led Hong Kong to become the regional hub in the Greater China area. It is evident that the Hong Kong International Airport is now one of the busiest and most advanced airports in the region. Its annual cargo throughput volume is doubled that of other airports including Incheon, Dubai and Shanghai.

The growth and prosperity of logistics and air transport industry is contingent upon the availability of a wealth of talent in various areas of supply chain. In response to this increasing demand of manpower, the Bachelor of Business Administration (Honours) in Supply Chain Management (BBA-SCM) Programme will offer two streams of study: Business Logistics and Air Transport starting from the cohort of 2017/18.

The BBA-SCM Programme which was launched in 2010 has now been publicly recognised as one of the largest BBA programmes in the region specialising in SCM/logistics. In 2016, the Programme has achieved the Programme Area Accreditation (PAA) status granted by the Hong Kong Council for Accreditation of Academic & Vocational Qualifications (HKCAAVQ). It also has gotten support from the Education Bureau of HKSAR Government by joining the Study Subsidy Scheme for Designated Professions / Sectors (SSSDP) since 2015.

If you are interested in pursuing your careers in areas with high potential growth, you are strongly recommended to consider our Programme. You will learn specialised knowledge and skills in Supply Chain / Logistics Management and Air Transport Management for your pursuit of professional career development and further studies. You will work closely with your peers and professors with a well-designed academic curriculum supported by small-class settings and modern facilities. Upon completing the programme, you will be a SCM/Air Transport professional with a well-recognised qualification. Above all, you will find enjoyment of studying here.

物流和航空運輸業已成為香港經濟的命脈及主要經濟支柱之一。市場對供應鏈人才的需求亦不斷飆升。受惠於電子商務的持續增長、交通基礎設施和先進技術的提升，與供應鏈管理相關的行業的增長速度更是與日俱增，這亦促進了香港成為大中華地區的區域樞紐。明顯地，香港國際機場已公認為是現在最繁忙和最先進的機場之一。其年貨物吞吐量是其他機場，包括仁川，杜拜和上海的兩倍。

物流和航空運輸業的增長和繁榮取決於供應鏈各範疇是否提供足夠的專業人才。為應對人力需求的不斷增長，從2017/18學年開始，供應鏈管理工商管理（榮譽）學士學位課程將提供兩個專修組別：商業物流和航空運輸，讓同學選修。

供應鏈管理工商管理（榮譽）學士學位課程自2010年推出以來已被大眾公認為在大中華區域內其中一個最具規模的供應鏈及物流管理課程，並於2016年獲得香港學術及職業資歷評審局頒發學科範圍認證資格。此外，自2015年起，課程亦獲得教育局邀請加入香港特別行政區教育局的「指定專業 / 界別課程資助計劃」。

如果您有興趣在增長潛力高的行業尋找職業，我們強烈建議您考慮修讀供應鏈管理工商管理（榮譽）學士學位課程。您將學習到供應鏈 / 物流管理和空運管理的專業知識和技能，為您追求職業發展和進修作好準備。透過設計精良的學術課程及以小班教學和現代化設施為基礎，您將與您的同學和教授緊密聯繫。於完成課程後，您將成為一名具有專業資格的供應鏈或空運管理專材。最重要的，是你會在這裡尋找到學習的樂趣。

INTERNSHIP OPPORTUNITIES

實習機會

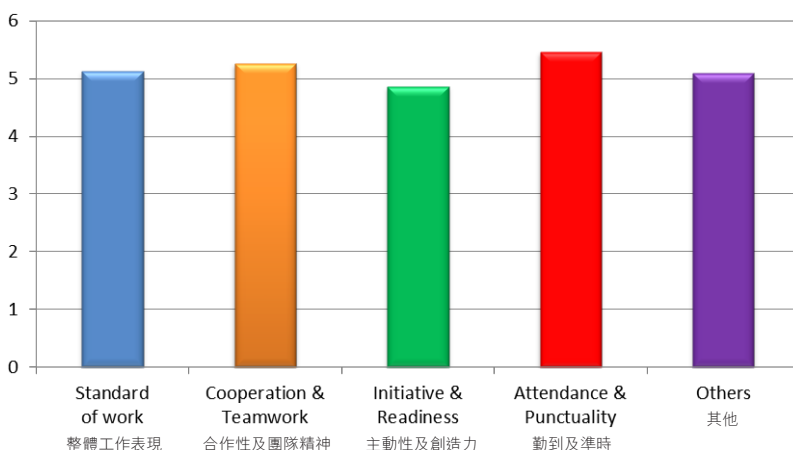

Internship is a core module and forms a critical component of our BBA-SCM Programme. It aims to enrich learning by providing real-life working experiences for students to better understand the industry and apply their knowledge to the workplace.

實習機會為本課程中一個不可或缺的主修科目，旨在透過寶貴的實習機會，讓學生能親身體驗行業運作模式及將理論靈活實踐於職場上，從而加深學生對業界的認識。本院並已成功得到業內多間優秀企業的支持。

今年六月至八月，全部修讀三年級的學生均成功獲取實習機會。完成後，學生更得到僱主正面的評價，茲節錄如下：

Employment Evaluation (Average Grading)

僱主對實習生之工作評估

Scale of Rating: 1 (very poor) - 6 (excellent)

"Students in HSMC are very obedient and patient in learning. They are eager to learn new things through trial-and-error. For example, they tried every means and took their full effort at the stage of looking for a place to rent. They are also willing to get their hands dirty in gaining more front-line experiences."
759 Store (759 阿信屋)

"They are especially eager to learn new things. During the internship, they would always like to apply what they have learnt at school to work and, at the same time, master the new skills at work so as to help with their school work."
