Programme Overview 課程概覽

• Unique Programme Features 課程特色

The Bachelor of Science (Honours) in Actuarial Studies and Insurance is one of the very few bachelor programmes in Hong Kong that provides professional education on both actuarial studies and insurance practice to students.

• Strong Market Demand and Promising Career Prospect 市場需求及良好的就業前景

The insurance industry in Hong Kong is experiencing a rapid growth and in need of a continuous supply of young talents. Despite the excellent career prospect that the industry can offer, there is a lack of opportunities for young people to understand the career paths of various insurance specialities. Also, the education on insurance professions cannot catch up with the fast development of the industry. As a result, the newcomers fall short in meeting the strong demand of human resources in the market.

香港保險業發展蓬勃，市場一直求才若渴。雖然保險業界能為年輕人提供良好的就業及發展階梯，但年輕人欠缺機會了解保險各個專業範疇以及其就業前景。此外，本地關於保險專業的教育未能配合行業快速增長，以致入行人手不足以滿足業界對專才的需求。

Study Subsidy Scheme for Designated Professions/Sectors (SSSDP) 指定專業/界別課程資助計劃

To meet the social need of insurance back office professionals, our Programme is eligible under SSSDP. Students of our Programme, admitted via JUPAS, will be granted an annual tuition fee subsidy up to HK\$41,700.

由於保險業後勤專才需求殷切，香港特區政府特將本課程納入指定專業/界別課程資助計劃。經 JUPAS 申請入讀本課程的學生，每年可獲最高 41,700 港元學費資助。
