

香港恒生大學  
THE HANG SENG UNIVERSITY  
OF HONG KONG

28 December 2022

Dear Colleagues and Students,

Anti-COVID Measures on Campus

Further to CDMO's announcement on the subject "[Update] - Campus Access for the New Academic Year 2022/23" issued on 15 December 2022 and the Government's announcement made on 28 December 2022, relaxation of certain anti-COVID measures on the University campus will take effect from 29 December 2022, including:

- a) Lifting the anti-COVID related restriction on venue capacity and the headcount limit in banquet activities;
- b) Cessation of vaccine pass scanning;
- c) Cessation of temperature scanning, and health reporting/declaration by staff, students or visitors; and
- d) Mask-wearing requirement during photo-taking on stage at events is exempted.

Having considered the community health risks while balancing the needs for University's normal activities, please note:

- a) "Pre-registration" of visitors is not mandatory but recommended, while any visitors without pre-registration will require registration upon entry; and
- b) Staff and students shall continue their HSUHK ID card tapping for access management.

The University will closely monitor the epidemic development and any applicable governmental measures and update the relevant policy as and when necessary. Please refer to the [HSUHK Announcements on COVID-19](#) on the University website homepage for latest updates.

If you have any questions or need any assistance, please email to [healthandsafety@hsu.edu.hk](mailto:healthandsafety@hsu.edu.hk) or contact COVID-19 Hotline at 3963-5700 (during office hours). In the unfortunate event that you have been tested positive for COVID-19, please complete the HSUHK Online Report Form for COVID-19 Positive Test for our necessary follow up actions.

Please stay vigilant and thank you very much for your continued effort to keep our community safe.
