

TEACHING AND COMMUNITY EDUCATION

Sustainability education is the foundation for preparing students to see the connections between what issues need to be addressed, the values that influence why we should act, and the skills that provide the insights on how to act.

SELECTED RESEARCH

The Research Centre for ESG (CESG) was created in 2020/21, to facilitate academic research, conduct knowledge transfer, and educate the community about ESG and business sustainability. Currently, the research of the Centre is funded by the Institutional Development Scheme of the Research Grants Council (RGC) of Hong Kong. The four research components are: (1) Incorporating social returns into the ESG integration process, (2) Improving KPIs of ESG reporting for listed firms, (3) Measuring consumer satisfaction on ESG performance, and (4) Enhancing the effectiveness of strategic corporate communication on ESG effort for listed firms.

COMMUNITY OUTREACH

Institute for Youth Sustainability Leadership (IYSL)

IYSL at The Hang Seng University of Hong Kong aspires to be one of Hong Kong's major initiatives for mobilising young people to achieve the United Nations' Sustainability Development Goals (SDGs) through youth education and empowerment. The Institute aims to be a hub for sharing knowledge, expertise, and resources of sustainability development with various stakeholders in the wider community.

(i) University Scholars Leadership Symposium (USLS) 2024

As a global exposure of HSUHK's commitment to SDGs and youth leadership, four HSUHK students attended the 12th University Scholars Leadership Symposium (USLS) 2024 at United Nations Conference Centre, Bangkok, Thailand from 6-9 August 2024, via the arrangement and support by IYSL and VPLSE. The symposium was organised by Humanitarian Affairs Asia, an international NGO networking young leaders for global initiatives and development.

Our students exchanged their perspectives on the Sustainable Development Goals (SDGs) and related topics with hundreds of delegates from around the globe.

(ii) Sustainability Projects

Project Theme (Title)	Abstract
SDGs as Global Language 	In October, Mosaic College in collaboration with the Institute of Youth Sustainability Leadership (IYSL) and the Centre for Public Policy Research, hosted a cultural talk titled "SDGs as Global Language," featuring Mr. Ivan Siu-lun CHU, exploring SDGs' impact across socio-cultural contexts and their potential for driving social change.
HSUHK Paper Saving Competition 	The year-long Paper Saving Competition (2023) was concluded by the Working Group on Energy Conservation and Sustainability at HSUHK. The competition aimed to promote paper-less operations among the various departments and offices within the university.

Project Theme (Title)	Abstract
<p>The International Conference on Food Culture in Asia 2024</p> 	<p>Dr Chan Chi-kit, the Co-Chairman of the organising committee and Director of the IYSL, led a conference exploring the relationship between food and culture in Asia, examining how food reflects regional values, ethnic identity, and history, with scholars and experts discussing its role in cultural contact.</p>
<p>EMpower Cultural 2024</p> 	<p>The "Cultural Night" event witnessed a vibrant and diverse participation, with ethnic minority students, local students, mainland students, and students from other universities coming together to celebrate their unique traditions.</p>
