# Message from the Chairman of the Board of Governors

## 校董會主席的話

It is my great honour to assume the role of Chairman of the Board of Governors of The Hang Seng University of Hong Kong (HSUHK). Joining this vibrant community fills me with optimism and determination to contribute to its continued growth as a forward-thinking institution dedicated to academic excellence, innovation, and societal impact.

I extend my heartfelt appreciation to my predecessors for their remarkable leadership and the strong foundation they have established. Building on this legacy, I am committed to advancing HSUHK's unique "Liberal + Professional" education model — empowering students with critical thinking, creativity, and practical competencies to thrive in an ever-changing global landscape.

As we move ahead, guided by the *HSUHK Strategic Plan 2023-2028*, I look forward to working closely with my fellow members of the Board, the University Council, the presidential team, faculty, staff, students, alumni, and our entire community to ensure its successful implementation.

Internationalisation will remain a central priority. We will strengthen our presence in the Greater China region and build closer ties with ASEAN and global partners through academic and research collaborations, student exchanges, and strategic partnerships. These initiatives will enrich learning experiences and position HSUHK as a regional hub for dialogue, innovation, and talent development.

I look forward to embarking on this exciting journey as we continue to nurture responsible global citizens, ready to address tomorrow's challenges. Inspired by our motto, "Erudition and Perseverance", I am confident that together, we will reach new heights of excellence.

Luanne Lim  
Chairman of the Board of Governors

我非常榮幸出任香港恒生大學校董會主席。加入這所充滿活力的學府，令我倍感振奮，決心為大學的持續發展作出貢獻，使之成為一所學術卓越、前瞻創新兼具社會影響力的大學。

我謹此衷心感謝歷任校董會主席的英明領導，為大學的穩健發展奠定堅實基礎。在此優良傳統下，我將致力推進恒生大學獨特的「博雅＋專業」教育模式，培養學生的明辨思維、創新及實踐能力，讓他們在瞬息萬變的全球環境中脫穎而出。

展望未來，在大學「策略發展計劃2023-2028」的指引下，我期待與校董會成員、校務委員會成員、校長與副校長團隊、教職員、學生、校友及整個大學社群緊密合作，確保計劃得以成功落實。

國際化是恒生大學的核心發展方向之一。我們將透過拓展學術及研究合作、學生交流項目及策略夥伴關係，加強在大中華地區的影響力，以及鞏固與東盟及全球的合作網絡。這些措施將豐富學生的學習體驗，使大學成為互動交流、創新及人才培育的區域樞紐。

秉承「博學篤行」的校訓，我期待與大學社群攜手展開這精彩旅程，繼續培育具責任感的全球公民，迎接未來挑戰。我深信，在我們同心協力下，恒生大學定能續創高峰！

# Message from the Immediate Past Chairman of the Board of Governors

## 前任校董會主席的話

The 2024-25 academic year carries special meaning for HSUHK. As we approach our 45th anniversary in 2025, we are reminded not only of the journey behind us, but also of how the University has grown into a student-centred, innovative, and socially responsible institution.

Recognition of our academic standing came in the 2025 Research.com Top Universities and Top Scientists Rankings, where HSUHK was placed 22nd in Social Sciences and Humanities and 33rd in Economics and Finance among China's leading institutions. These results highlight the calibre of work led by our colleagues and students, and the growing impact of their contributions at home and abroad.

HSUHK also strengthened its global ties. We became the first university in Greater China to join the Climate-U Network, a worldwide initiative fostering collaboration on research and practical responses to climate change. In addition, we hosted the Alliance of Asian Liberal Arts Universities Annual Presidents' Forum, which brought together leaders from across the region for meaningful dialogue on sustainability and the future of higher education.

On campus, fresh opportunities are taking shape. The new School of Transdisciplinary Studies encourages collaboration across different fields, while enhanced digital resource investments are equipping staff and students with powerful tools for teaching, learning and research. The Martin Ka Shing Lee Innovation Lab, featuring state-of-the-art Extended Reality technologies, is already sparking creativity and new ideas.

All of this has been made possible by the people who form our community — our Board of Governors and Council members, senior management, faculty, staff, students, alumni, donors, and partners. I wish to thank Mrs Patricia Wong Lam Sze-wan for her valued service as she concludes her tenure on the Board, and warmly welcome Mr Kenneth Lam Sze-ken, whose experience will bring fresh perspectives to our work ahead.

This message also marks the close of my time as Chairman of the Board of Governors. Serving HSUHK has been a privilege, and what I will cherish most are the people, whose energy and generosity give the University its character. I leave with gratitude for the opportunity to serve, pride in what has been achieved, and confidence in the bright road ahead.

Diana Cesar  
Immediate Past Chairman of the Board of Governors

## 校務委員會主席的話

The 2024-25 academic year has been a year of tremendous progress and accomplishments for HSUHK. Our students and scholars have excelled in academic studies and research, and the University has continued to uplift its distinctive “Liberal + Professional” education model, fostering innovative minds and responsible leaders ready to shape a dynamic future.

Our graduates continue to distinguish themselves in the professional world. According to the University’s latest employer survey, approximately 97% of employers expressed satisfaction with the performance of HSUHK graduates. Employers awarded their highest ratings in the critical area of “Values and Attitude”, while commending graduates’ strong information technology literacy, practical work skills, and interpersonal abilities. These outstanding results underscore the market’s clear recognition of the quality, relevance, and effectiveness of HSUHK’s education.

2025 celebrated HSUHK’s 45th anniversary and the 10th anniversary of The Hang Seng University of Hong Kong – Foundation. These milestones offered a meaningful opportunity for our community to honour the legacy of our Founders and the unwavering generosity of our supporters. Their steadfast dedication over the past four and a half decades has enriched our educational environment and ensured that our students enjoy exceptional opportunities to excel.

A rich programme of academic and non-academic celebratory events, organised by the University and its various units throughout the year, showcased our unique strengths and commitment to teaching, research, and service to the community.

The newly established University History Concourse, themed “Strong Foundations Beget Proper Ways”, chronicled our development through photographs, artifacts, and records of our origins and pioneering legacy — a testament to our vision and mission.

The many milestones and accomplishments we have achieved over the past 45 years would not have been possible without the staunch commitment of our colleagues, students, alumni and friends.

On behalf of the Council, I extend my profound gratitude to our donors, supporters, and especially our alumni, whose philanthropy and societal impact embody the HSUHK spirit. I am deeply inspired by the successes of every member of our University family and eagerly anticipate our collective strides ahead.

Moses Cheng Mo-chi  
Chairman of the Council

2025年是恒生大學45周年校慶兼香港恒生大學——基金10周年誌慶，意義非凡，大學社群藉此契機，向創校先賢和各界支持者致意。他們的長期支持使我們的教育環境更臻完善，並確保學生獲得寶貴的學習機會，追求卓越。

## 校長的話

It is my pleasure to report that HSUHK has continued to reach new heights in 2024-25. This academic year, we welcomed 20 new academic staff members, 1,952 new undergraduate students, and 799 new postgraduate students. I am deeply grateful to every member and supporter of the HSUHK family for their dedication and unwavering support. It is through our collective endeavour that 2024-25 has been momentous — not only in celebrating the 45th anniversary of HSUHK's founding, but also in reinforcing our enduring commitment to fostering a sustainable and inclusive culture.

### Celebrating our 45th anniversary

At the Reception for the 45th Anniversary of our institution cum 10th Anniversary of The Hang Seng University of Hong Kong – Foundation, over 400 distinguished guests gathered to honour HSUHK's remarkable journey and contributions to higher education over the past four and a half decades. Other celebratory events included the HSUHK 45th Anniversary “Uniquely Common” Concert in September 2025, which raised substantial funds for the Strategic Campus Development Fund. Complementing these milestones, a year-long series of conferences, competitions, exhibitions, and celebratory activities — organised by the various Schools and units at HSUHK — enriched the campus community and showcased the vibrant spirit of HSUHK.

### Earning global recognition

HSUHK continues to gain international acclaim. In the Research.com 2025 Top Universities and Top Scientists Rankings, the University ranked 22nd in Social Sciences and Humanities and 33rd in Economics and Finance among universities in China.

Twenty-two academics affiliated with HSUHK were recognised among the world's top scholars, including Stanford's Top 2% Scientists and Clarivate's Highly Cited Researchers, reflecting their impactful contributions across diverse, cutting-edge fields.

Our MSc in Global Supply Chain Management, offered by the School of Decision Sciences, ranked 84th globally, 4th in Hong Kong, and 7th in Greater China in the 2025 QS International Trade Rankings. These achievements reflect HSUHK's growing influence and academic excellence on regional and global stages.

我很高興恒生大學於2024-25年度再創高峰。本學年，我們迎來了20位新教師、1,952名本科及799名研究生新生。我衷心感謝恒生大學每一位成員與支持者的無私奉獻和同心協力。我們不僅熱烈慶祝45周年校慶，更進一步鞏固推動可持續及共融文化的承諾，令2024-25年度別具意義。

恒生大學持續獲得國際認可。在Research.com的2025年頂尖大學和頂尖科學家排名，恒生大學在中國的大學中，於社會科學與人文領域排名第22，以及經濟與金融領域排名第33。

本校共有22位學者獲評為全球頂尖學者，包括史丹福大學「全球首2%頂尖科學家」及科睿唯安(Clarivate)「最廣獲徵引研究人員」，足證他們在多個創新領域具影響力的貢獻。

決策科學學院的「環球供應鏈管理理學碩士」課程在QS國際貿易碩士排名2025中位列全球第84，而在香港及大中華區則分別排名第四及第七。這些成就印證恒生大學在地區及全球的影響力日增，學術成就昭著。

## Demonstrating academic rigour and excellence

Approved by the Academic Board for launch in early 2025, the School of Transdisciplinary Studies (STS) empowers students to transcend traditional academic boundaries and create innovative solutions for the multifaceted challenges our rapidly evolving society faces. Complementing our five established Schools, transdisciplinary programmes offered by STS — particularly those bridging science and technology with the humanities, social sciences and business — will catalyse cross-School collaboration and multi-stakeholder partnerships to deliver ground-breaking, high-impact research.

Eight of HSUHK's taught master's programmes have been selected for the HKSAR Government's "Hong Kong Future Talents Scholarship Scheme for Advanced Studies", reflecting strong recognition of our academic excellence and programme quality.

We also announced the launch of our first Professional Doctorate — the Doctor of Decision Analytics (DDA) programme, developed by the School of Decision Sciences. As the first professional doctorate of its kind in Hong Kong and in the region, the programme marks a significant milestone, establishing HSUHK as an institution offering a complete progression pathway from bachelor's and taught master's degrees to doctoral education. The programme will welcome its inaugural cohort in the 2026-27 academic year.

## Strengthening regional and global ties

In May 2025, HSUHK inaugurated the HSUHK (Nansha) Centre in Nansha, Guangzhou — registered as a wholly foreign-owned enterprise, the Centre is dedicated to advancing Greater Bay Area synergy, youth connectivity, and collaborative events.

HSUHK became the first institution in the Greater China region to join the prestigious Climate-U Network, a global initiative led by University College London in the UK. Our membership further highlights our commitment to collaborative climate research and global sustainability initiatives.

Having joined the Alliance of Asian Liberal Arts Universities (AALAU) in January 2024, HSUHK hosted the AALAU Annual Presidents' Forum 2024 in November 2024 themed "Sustainability Leadership: The Role of Liberal Arts Education". Led by HSUHK, member institutions signed a joint declaration reaffirming their collective commitment to sustainable leadership education.

## Enhancing teaching and learning facilities

The University continues to develop new facilities to meet evolving teaching and learning needs. Our town centre, The Create, opened in October 2024 in the M+ Tower at the West Kowloon Cultural District, offering classrooms and flexible, multi-functional

## 展現學術嚴謹及卓越

跨學科學院於2025年初獲教務委員會通過成立，致力培養學生突破傳統學科界限，為瞬息萬變的社會所面臨的複雜挑戰開創解決方案。跨學科學院推出的課程，尤其是融合科學與科技和人文、社會科學及商業的科目，將與校內現有的五個學院互相補足，促進跨學院協作及多方持份者合作，推動具突破性和影響力的研究。

恒生大學的八個修課式研究生課程獲納入香港政府設立的「香港未來人才深造獎學金計劃」，充分反映政府對本校學術水平及課程質素的肯定。

我們亦將開辦大學首個專業博士課程——決策分析博士。課程由決策科學學院設立，為全港首創，是本校發展的重要里程碑，自此提供由學士、碩士以至博士程度的完整升學階梯。課程的首屆學生將於2026-27學年入學。

## 加強區域與全球連繫

香港恒生大學(南沙)中心於2025年5月在廣州正式啟用，該中心註冊為外商獨資企業，將致力推動大灣區協同發展、青年交流及合作項目。

恒生大學加入由英國倫敦大學學院牽頭的著名世界性氣候組織「氣候大學網絡」，成為首個大中華地區大學成員，進一步彰顯我們對氣候研究合作和全球可持續發展倡議的承諾。

繼2024年1月加入亞洲博雅大學聯盟，大學於同年11月舉辦「2024年亞洲博雅大學聯盟校長論壇」，主題為「永續發展領導力——博雅教育的角色」。在恒生大學牽頭下，院校成員簽署一項聯合宣言，重申對促進可持續領導教育的承諾。

## 提升教學設施

恒生大學持續完善教學設施，以配合不斷發展的需求。2024年10月，本校位於西九文化區M+大樓的市區中心「創意薈」正式啟用。

spaces equipped with advanced technology for postgraduate and executive development programmes.

Equipped with state-of-the-art Extended Reality (XR) technologies, the Martin Ka Shing Lee Innovation Lab was established on campus to strengthen the University community's digital communication literacy. The Multimedia Commons houses industry-standard equipment — including high-performance workstations and professional live-mixing consoles — to support a wide range of media projects.

## Looking ahead

Following the passage of the Post-Secondary Colleges (Amendment) Ordinance 2025 by the Legislative Council in June 2025, HSUHK is preparing a comprehensive proposal to implement the new single-tier governance structure required by the Ordinance.

Complementing our cutting-edge facilities and innovative programmes, HSUHK is integrating AI across teaching, learning, management, and research. We will formulate a comprehensive, future-focused strategy for AI application in these areas within the 2025-26 academic year.

The launch of HSUHK's first Professional Doctorate signals a significant milestone in our development. Building on this foundation, we are planning an expanded range of high-impact doctoral programmes to strengthen our role in advanced education and knowledge creation.

To further enhance the diversity of our student community, we will intensify our international outreach efforts with a strategic focus on Southeast Asia. This includes targeted scholarships designed to attract outstanding talent from ASEAN countries.

I look to the future with unwavering confidence and excitement. We are not merely adapting to change — we are leading it. I am deeply thankful to our students, faculty, alumni, supporters, and partners in industry, government, and the community for our successes. Together, we will continue to co-create opportunities that benefit both our students and society, and pioneer transdisciplinary education that equips graduates not just with skills, but with vision.

Let us move forward with purpose, possibility, and pride.

Simon S M Ho  
President

## 展望未來

隨着立法會於2025年6月通過《2025年專上學院(修訂)條例草案》，恒生大學正積極籌劃把管治架構二合為一，以落實條例的要求。

在現有先進設施和創新課程的基礎上，恒生大學正將AI全面融入教學、管理和研究領域。我們將於2025-26學年制定一套具前瞻性的綜合策略，加強AI在相關範疇的應用。

開設首個專業博士課程是大學發展的重要里程碑。我們將以此為基礎，籌劃推出更多具影響力的博士課程，以加強恒生大學在高等教育及知識創造領域的角色。

為進一步提升學生群體的多元性，大學將加強國際招生策略，重點開拓東南亞地區，包括設立專項獎學金吸引東盟國家的優秀人才。

## Campus sustainability and inclusivity 校園可持續發展與共融

HSUHK cultivates a diverse, inclusive and sustainable campus by seamlessly integrating innovative infrastructure, vibrant community engagement, and impactful knowledge-sharing initiatives into everyday life. This commitment ensures that every member of the University community feels respected, valued, and empowered to contribute to a greener, more equitable future.

恒生大學透過創新基礎設施、活躍社群參與及具影響力的知識分享，將多元共融與可持續發展理念融入校園日常，讓師生感到受尊重、被重視，致力共建綠色和公平的未來。

### A barrier-free and inclusive campus

HSUHK celebrates diversity and practises inclusivity to create a campus where all students and staff thrive. The Creative Humanities Hub exemplified this vision by receiving the Gold Award in the 2024-25 Universal Design Award Scheme from the Equal Opportunities Commission. The Hub incorporates more than 60 accessibility features, including intuitive signage, accessible lifts, inclusive restrooms, and ambient design elements that together craft a welcoming space for everyone.

### 無障礙共融校園

大學積極實踐多元共融，建設讓師生全人發展的校園。其中，創意人文館獲平等機會委員會頒發2024-25年度「通用設計嘉許計劃」金獎。該大樓配備逾60項無障礙設施，包括清晰的指示標誌、無障礙升降機、無障礙洗手間及環境氛圍設計元素，營造友善空間。

### Sustainability initiatives on campus

The Campus Development and Management Office (CDMO) consistently drives eco-conscious practices across HSUHK. In the reporting period, four electric vehicle charging stations were installed in the S H Ho Academic Building car park to support the growing community of EV drivers, while Smart Recycling Bins were introduced under the Environmental Protection Department's Pilot Programme, significantly enhancing recycling efficiency.

恒生大學響應環境保護署的先導計劃，引入「智能回收系統」。

Educational outreach included visits to O·PARK1, where staff and students explored anaerobic digestion and the transformation of food waste into biogas. CDMO also collaborated with Food Angel on a food donation drive, delivering nutritious meals to those in need while minimising food wastage.

Water conservation remains a priority at HSUHK, with pool cleaning water repurposed for driveway maintenance and grey water collected for irrigation, preserving freshwater resources without compromising the campus's lush landscaping.

HSUHK's energy conservation efforts also include Earth Hour and No Air-Con Night, as well as HSUHK Quarterly Hours, to enhance stakeholders' awareness of the University's energy-saving practices.

### Knowledge exchange on sustainability

HSUHK extends its sustainability leadership beyond campus borders through high-profile knowledge exchange. In June 2025, President Simon Ho delivered a keynote address at the 9th World Business Ethics Forum, hosted by the Faculty of Business at City University of Macau, on "Corporate Governance, Responsibilities and Sustainability: Social Contracting and Stakeholder Value Perspectives". At the "ESG forum: Unlocking Collaborative Opportunities by 'SOCIAL' Strategy for a Caring Society" organised by the City University of Hong Kong and Baptist Oi Kwan Social Service, President Ho explained how corporations need to address social issues and create social value, and how the adoption of Social Return on Investment tools can facilitate their ESG strategies.

The Research Centre for ESG (CESG) played a significant role in regional discourse. Co-organised with the Center for Environmental, Social, and Governance Studies at Universitas Airlangga, the 2nd Asia Sustainability and ESG Summit 2024 took place in December 2024 in Indonesia. The event featured over 60 papers from 12 countries and regions, and drew participants from 48 universities, including academics, PhD students, industry executives, government officials, and NGO professionals.

On campus, CESG convened the "ESG in Focus: HSU-SYU Seminar – ESG x Internationalisation", engaging approximately 30 academics from multiple institutions. Funded by the Institutional Development Scheme from the Research Grants Council, the "ESG Intelligence: Theory and Practice" conference in May 2025 gathered over 70 financial leaders, policymakers, scholars, and sustainability experts to devise actionable strategies for environmental, social, and governance challenges.

### 校園可持續發展措施

校園發展及管理處持續在校園推行環保。年內，何善衡教學大樓的停車場安裝了四個電動車充電站，以應付日益增長的電動車用戶的需求。與此同時，大學亦響應環境保護署的先導計劃，引入「智能回收系統」，顯著提升回收效率。

校園發展及管理處亦舉辦多項教育外展活動，包括參觀「O·PARK1」，讓師生了解厭氧消化生物降解和將廚餘轉化為生物燃氣的過程，以及與惜食堂合作推出食物捐贈計劃，為有需要人士提供營養餐，同時減少浪費食物。

大學重視節約用水，將泳池清潔用水循環再用於車道維護，並收集灰水用作灌溉，既不影響校園綠意盎然的景觀，亦保護淡水資源。

此外，大學亦參與「地球一小時」、「無冷氣夜」及「恒太慳電一小時」等活動推動節能，提升持份者對大學節能措施的關注。

### 可持續發展知識交流

恒生大學透過知識交流，將可持續發展的領導力延伸至校園外。2025年6月，何順文校長在澳門城市大學商學院主辦的「第九屆世界商業倫理論壇」發表主題演講，談及「企業管治、責任及可持續發展：社會契約與持份者價值觀」。在香港城市大學及浸信會愛羣社會服務處合辦的「ESG論壇——開啟『社會』機遇，共建社會關懷」中，何校長闡述了企業如何需要解決社會問題並創造社會價值，以及採用社會投資回報工具如何促進ESG策略。

恒生大學ESG研究中心在區域對話中扮演重要角色。由ESG研究中心和印尼艾爾朗加大學ESG研究中心聯合舉辦的第二屆亞洲可持續發展與環境、社會及管治高峰會於2024年12月在印尼舉行。高峰會發表逾60篇來自12個國家和地區的論文，雲集來自48所大學的人士，包括學者、博士生、業界管理層、政府官員及非政府組織專業人士參與。

## Diversity and inclusivity on campus

In February 2025, HSUHK hosted the Inclusion Festival on campus, promoting inclusion and fostering understanding among individuals from diverse cultural backgrounds, as well as those with Special Educational Needs. Over 1,400 members of the HSUHK community attended the Festival. Participants also shared personal stories of cultural heritage and relocation to Hong Kong, deepening the University community's appreciation for individuals from diverse cultural and personal backgrounds. Social enterprises and charitable organisations set up booths at the Festival, showcasing services for disability inclusion and multiculturalism, while interactive games and culturally inspired food stalls encouraged meaningful connections across backgrounds.

In March 2025, HSUHK hosted a campus tour for visually impaired individuals. Student volunteers provided vivid oral descriptions and sensory activities that engaged touch and hearing, allowing participants to experience the campus flora, fauna, and green initiatives first-hand, thereby reinforcing the University's dedication to diversity and equal opportunities.

The Human Resources Office furthered staff development and wellness through experiential learning. Two "Dialogue in the Dark" workshops immersed participants in complete darkness to enhance team collaboration, communication, and professional growth. A one-day workshop employing the LEGO® SERIOUS PLAY® methodology used hands-on activities with LEGO bricks to explore workplace scenarios, fostering collective learning, fresh insights, and adaptive leadership.

在校內，ESG 研究中心召開「聚焦 ESG：恒生大學—樹仁大學研討會——ESG x 國際化」研討會，邀得約30位來自不同院校的學者參與。由研究資助局院校發展計劃資助的「ESG 情報：理論與實踐」研討會於2025年5月舉行，匯聚逾70位金融領袖、政策制定者、學者及可持續發展專家，共同探討切實可行的策略，以應對環境、社會及管治方面的挑戰。

## 校園多元與共融

2025年2月，恒生大學在校內舉辦「恒大共融節」，促進來自不同文化背景及有特殊教育需要人士之間的相互理解，吸引校內逾1,400人參與。參加者分享個人文化傳承及移居香港的故事，加深大學社群對不同文化及背景人士的理解。社企及慈善團體在共融節中設置攤位，展示促進殘疾共融和多元文化的服務，並透過互動遊戲及各地特色美食的攤位，鼓勵參加者交流互動。

學生帶領視障人士走訪校園，以聽覺及觸覺等感觀探索校園氣氛。

2025年3月，大學為視障人士舉辦校園導覽活動。學生義工透過生動的描述、運用觸覺和聽覺的感官活動，讓參加者親身感受校園的動植物和綠色措施，彰顯大學致力促進多元和平等機會的理念。

人力資源處透過體驗式學習促進教職員發展和身心健康，於年內舉辦兩場「黑暗中對話」工作坊，讓參加者在黑暗環境中提升團隊協作、溝通和專業發展。另一場一日工作坊則利用LEGO® SERIOUS PLAY®的教學法，透過積木探討職場情境，促進集體學習和激發新思維，並培養具適應力的領導才能。
