

Welcome Remarks at the HSUHK Careers Fair 2026

27 January 2026

Auditorium, Lee Quo Wei Academic Building, Yuen Campus, HSUHK

Good morning, Partner Employers, Colleagues, and Students, Welcome to the Opening Ceremony of The Hang Seng University Careers Fair 2026.

We are delighted to host nearly 120 esteemed corporations and organizations from over 30 industries at this Careers Fair. Together, we are creating an extraordinary platform connecting employers with our talented student community.

This year's theme, "Ignite Your Path – Dream, Dare, Do.", holds special significance. Earlier, our Student Affairs Office launched a student co-creation campaign to gather fresh, creative ideas on designing the Careers Fair, and this year's theme is chosen from many of the outstanding student entries. I would like to take this opportunity to congratulate Marcus Cheng, our Yr 3 BBA-GB student, who stood out with his idea of the three career development stages and clinched the theme of this Careers Fair about:

- Dream: Encouraging students to envision their career aspirations
- Dare: Motivating them to step beyond their comfort zones
- Do: Empowering them to take concrete action toward their goals

This Careers Fair is more than a platform for job opportunities – it's a transformative experience where students can explore diverse career paths, connect with industry leaders, and gain the confidence and skills to launch their professional journeys.

Amid the rapid evolution of AI and emerging technologies, unprecedented career opportunities will arise in fields we can hardly predict today. Hang Seng University continues to cultivate a dynamic, nurturing environment that enables our students to excel academically and develop holistically. We remain dedicated to preparing them for tomorrow's challenges through building adaptability, resilience, and essential transferable skills, while nurturing the values and attitudes that define future leaders.

Taking this opportunity, I am happy to share that in the latest employer survey report covering the period from December 2024 to May 2025, which was conducted by an independent consultancy firm commissioned by us, HSUHK graduates have received strong recognition from employers on their overall work performance and various attributes. The report shows that:

- a. 97% of employers are satisfied with our graduates' work performance.
- b. Highest score of about 4 out of 5 in "Values and Attitude", the category most valued by employers.
- c. Employers also commended graduates for their strong IT literacy, practical work skills, and interpersonal skills.

The survey results reaffirm employers' strong endorsement of HSUHK graduates, which I find very encouraging for everyone.

Thank you once again for your participation and support. Together, we can make a significant impact on our students' futures, helping them to "Be Future Ready" and "Be Career Ready."

Thank you very much.
